WILL INVESTIGATE LABOR "WARS"

Senate Lobby Committee Will Extend Work of Investigation

SUMMON LABOR LEADERS

Samuel Gompers, John Mitchell, and Others Will be Summoned to Appear

MULHALL HEARING MONDAY

WASHINGTON, July 10.—All the "wars" that have been fought between labor and capital, all the efforts that both have made to secure legislation which would profit them and the tangled skein woven about their relations in the last ten years, are to be investigated by congress. The senate lobby committee, in executive session tonight, decided that the wars must be inquired into. Samuel Gompers, president of the American Federation of Labor, will appear before the committee on July 25 and a subpoena was issued tonight for John Mitchell, vice-president of the Federation and former head of the United Mine Workers.

At the same time the committee subpoenaed George Pope and J. P. Bird, general manager of the National Association of Manufacturers. As the tale is unfolded other men prominent in either labor organizations or associations of manufacturers or individual employers of labor who are brought to notice will be asked to appear. The committee decided to look into this subject believing that it may develop startling information and knowing it will extend their inquiry many weeks. One senator said tonight that the question might reach back into some of the dark corners of the McNamara dynamiting case and might bring into the light the inside story of many of the great strikes that have paralyzed industries and thrown thousands out of work in the last few years. He also intimated that it might develop by far the most marvelous of all the strange tales that the committee has heard in the last six weeks.

The committee expects to finish with its investigation of wool and sugar activities tomorrow and will take up the charges made by Martin M. Mulhall, former "lobbyist" for the National Association of Manufacturers. Mulhall will take the stand tomorrow afternoon. Thousands of letters involving many men who were once prominent in congress as well as some still in public life have been furnished the committee and his examination may take several days. The committee decided tonight to grant a request from the association to be represented by counsel. It decided also not to turn over the Mulhall papers to the house special investigating committee until it has finished with them, although Chairman Garrett asked for them today.

Chairman Overman heard a report tonight that Mulhall had been told to get out of Washington. Mulhall did not know who made the threat. Mr. Overman said steps would be taken to protect Mulhall if necessary by delegating a deputy sergant-at-arms to guard him. The senate committee spent practically all of today on wool. William Whitman, former president of the National Association of Wool Manufacturers; Winthrop L. Marvin, his secretary, and Thomas O. Marvin, secretary of the Home Market club, all of Boston, were the witnesses.

Thomas Marvin testified that the association had never used "insidious" or illegitimate means to influence legislation. He said he received $5,500 a year for his services and had spent much time in Washington during the pendency of the present tariff bill. Many members of the club, who are manufacturers, he added, submitted arguments before the ways and means committee and finance committee.

Senator Reed spent several hours reading into the records letters and telegrams between Whitman and S. N. D. North. The letters were written in 1897 when the Dingley tariff bill was before the senate finance committee and North, then secretary of the wool association, was acting as clerk to the majority members. They showed close relations between Whitman and North but Whitman insisted there never had been anything improper about North's connection with the senate committee.

Still At Work On Report.

Late tonight the currency and banking committee of the chamber of commerce of the United States, in special session here, was still at work on a report the administration currency bill to be telegraphed tomorrow to the organization's directors.

It was said that the committee was unanimous in its conclusion that the stockholders in the proposed system of federal reserve banks should have a larger voice in the management and probably would recommend enlargement of the controlling federal reserve board and the creation of a stockholder's body similar to that under the German banking system.

Elasticity of note issues was under discussion tonight the majority of the committee contending that the proposed tax on issues would not accomplish the results desired in making the country's currency responsive to the needs of business.

Case Before Grand Jury.

New York, July 10.—The case of David Lamar—his impersonations of United States senators and congressmen in connection with the so-called Union Pacific conspiracy—was placed before the federal grand jury today by District Attorney Marshall. All the testimony taken in the case before the senate lobby investigation was given to the jury and Lewis Cass Ledyard, one of the principal witnesses before the committee was called to testify in person. His examination was begun late in the afternoon and was not completed. Other witnesses having knowledge of the case are understood to be under subpoena.

Under the law the government cannot use the testimony before the senate committee as a basis for criminal prosecution but with it in their possession the federal prosecutor and the jury can use it as a guide to bring out the material points in the case.

JACK JOHNSON WILL NEVER FIGHT AGAIN IN AMERICA

Declares He Will Carry His White Slave Case to the Highest Courts —Will Make Paris His Headquarters for the Present.

Paris, July 10.—"Jack" Johnson, the negro heavy-weight prize fighter accompanied by his white wife arrived in Paris to day from the United States by way of Montreal. The pugilist drove to a number of hotels before he was able to find accomodation. Johnson said he intended to make Paris his headquarters in the future and never on any account would he fight again in America. He added that he had arranged for a number of fights to take place in Europe in the autumn.

Referring to his recent sentence under the "white slave act" to serve one year in the Leavenworth penitentiary, Johnson declared he would carry the case to the highest court fully confident that a decision ultimately would be given in his favor.

It was not generally believed here that Johnson will be deported from France but the French authorities have not yet arrived at any decision with regard to that status of the case.

Can Do Nothing at Present.

Chicago, July 10.—Assistant District Attorney Harry A. Parkin, who has charge of the prosecution of Jack Johnson for violation of the Mann law said to day that nothing could be done at present to compel the forfeiture of Johnson's bonds. The negro is under $30,000 bond which he signed personally for indictments on which he has not yet been tried. He is also nder a bond of $15,000 signed by a real estate dealer, which gave him his freedom pending the hearing of his case in the United States circuit court of appeals.

SUES CADILLAC MOTOR CO.

Washington, July 10.—A test case to determine whether automobile owners may recover damages from automobile manufacturers for injuries suffered through defects in the machines was filed today in the supreme court.

The case was one brought by E. Welk Johnson of Amsterdam, N. Y., against the Cadillac Motor Car company. While Johnson was riding in his car a front wheel gave way and the machine turned over resulting in his severe injury. It was claimed the accident was due to "dead and dozey" spokes.

LOSES HER VOICE WHEN IT THUNDERS.

Marinette, Wis., July 10.—Every time it thunders, Lucey Seiphalia, 12 years old, of Dollar Bay, Mich., loses her voice. Six weeks ago she first lost her voice during a thunder storm. Four weeks later it was restored when she was playfully frightened by a friend. During each electrical storm since that time the same thing happened but each time her voice was restored by a pre-arranged surprise or shock. Many physicians have been studying the case but no solution has been given.

AMERICAN PLAYERS WIN FIRST MATCHES.

Nottingham, England, July 10.—The American players won their first two matches to day against Germany in the semi-final rounds of the preliminary contests for the selection of a team to challenge England for the Dwight F. Davis international lawn tennis trophy, and stand more than a good chance of qualifying for the final round.

R. Norris Williams of Philadelphia won from Oscar Kruetzer and Maurice E. McLaughlin of San Francisco the American champion defeated Otto Froitzheim who ranks as the best player in Germany.

BULGARIA FORCED TO APPEAL FOR PEACE

ROUMANIAN ARMY IS BEGINNING AN INVASION OF BULGARIA

Bulgars Appeal to Powers to Arrange Peace—Roumanian Invasion is New Factor in Balkan Problem.

BULLETIN.

LONDON, July 11.—The king of Roumania has declared war on Bulgaria. The Roumania minister at Sofia has been recalled. The Sofia correspondent of the Times sends this announcement early this morning.

LONDON, July 10.—The end of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to arrange peace. The Bulgaria plan to deceive a wedge between the Greek and Servian armies in the neighborhood of Guevgheli has failed. The last reports of the fighting received from Athens tonight show that the Servians and Greeks at this point are combining their forces while the Roumania army is beginning an invasion of Bulgaria.

The latter fact doubtless was the deciding factor in the Bulgarian appeal to the powers. How far Bulgaria's defeat is due to dissesions in high military quarters, which resulted in the resignation of General Savoff, and how far to the fact that the Bulgarian troops which bore the brunt of the hard fighting in the last campaign were more exhausted than the Greek and Servian forces probably will never be known. Nothing can be predicted at the movement as to how events will shape themselves, the Roumanian invasion of Bulgaria having brought an entirely new factor into the problem. Russia and France are devoting their efforts to persuading the allies to adopt a moderate attitude in order to facilitate a peaceful settlement. The Servian premier is quoted in the Vienna Neue Freie Press as declaring that the new war has set aside all treaties or alliances and that peace must now be negotiated on a new basis.

Rumors were published in Berlin yesterday and according to the Daily Telegraph's correspondent at Athens were current that General Ivanoff with 5,000 Bulgarians was forced to surrender near Demirhissar, where fighting was proceeding for the possession of a railway bridge over the Struma river. A later Athens despatch to the Telegraph says that no confirmation of this can be obtained and an official report issued at Athens although it mentions the fighting at Demirhissar says nothing of the surrender.

CITIES MAKE ACTIVE FIGHT FOR ENDEAVOR CONVENTION

Canadian Cities Are Competing With Chicago and Niagara Falls For Biennial Gathering.

Los Angeles, Calif., July 10.—Canada wants the next International Christian Endeavor biennial convention. Winnipeg and Toronto have sent strong delegations to capture the prize.

Other cities active in the fight are Chicago, St. Louis and Niagara Falls. The board of trustees will decide the matter tomorrow.

At tonight's session Rev. Francis E. Clark, president of the united society, appealed for especial efforts for future activities beginning Feb. 2, 1914, which date marks the thirty-third birthday anniversary of the movement. He suggested the setting aside of a week of revival to mark the beginning of a new epoch in the progress of the organization. William Shaw, general secretary of the society, reviewed the society's progress since the last general convention.

Advocates Confessional.

The confessional in a modified form for Protestant churches was advocated tonight by Rev. Charles M. Sheldon who said that for years in his congregational church at Topeka, Kan., he had devoted two hours every Sunday afternoon to learning of the tributations of his congregation.

"A man, for example, comes and tells me of his troubles with his wife. Or he is out of a job, or he is ill. I try to advise him. Frequently I can direct him to employment. Sometimes estranged husbands and wives are reconciled."

TAFT HONORARY PRESIDENT.

Salt Lake, City, July 10.—William Howard Taft was elected honorary president at a meeting here today of the American School Peace league. Among the active officers elected were: Dandall J. Condon, Cincinnati, president; David Starr Jordan, vice-president and F. E. Spaulding, Newton, Mass., treasurer. The noonday election by the National Educational association of Joseph Swain, president and Grace M. Shepherd, treasurer, was the first in years that had been unanimous. Retiring President Edward T. Fairchild was named one of the vice-presidents.

FOREST FIRES ARE OUT.

San Francisco, July 10.—The forest fires on Mt. Tamalpais are out. Here and there linger a few smoldering embers but after four days and three sleepless nights of fighting, Mill Valley, Larkspur, Corte Madera and Muir Woods are out of danger. Beyond the destruction of timber the property loss has been slight. It has been established that there was no loss of life.

MAY INVESTIGATE N. Y. CENTRAL LINES

Investigation Proposed in Resolution Is Adopted by Senate Without Debate

WOULD PROBE FINANCES

Would Authorize Inter-State Commission to Investigate Financial Operations

OTHER WASHINGTON NEWS

WASHINGTON, July 10.—An investigation of the financial operations of the New York Central lines by the interstate commerce commission was proposed in a resolution adopted by the senate today. This action was taken without debate when the resolution was introduced by Senator Norris of Nebraska.

The resolution if concurred in by the house, would direct the commission first to investigate and report upon the issue by the New York Central and Hudson Rrver railway company of $167,102,400 worth of 4 per cent mortgage bonds for the purpose of taking up 3 1-2 per cent Michigan Central bonds, amounting to $19,336,000 3 1-2 per cent Lake Shore and Michigan Southern bonds, amounting to $90,578,400 and New York Central 4 per cent debenture bonds amounting to $97,188,000.

The commission would be asked to report whether the issue of the four per cent bonds for 3 1-2 per cent would not be an unwarranted and illegal capitalization of the railroads concerned; whether the purpose of the consolidation of the New York Central, the Lake Shore and the Michigan Central would not be unwarranted and unlawful; and whether the increase in interest is necessary.

Make No Important Changes.

The Democratic majority of the house committee on banking and currency made fair progress on the administration currency bill today. No changes of substantial importance were made and a general disposition to get together as quickly as possible was evinced. Committee members said that at the present rate consideration of the bill might be completed by the middle of next week, to be followed in all probability, by a Democratic caucus of the house with a view to binding the house Democrats to the measure as it comes out of committee. The bill is being considered in executive "conferences." Adoption of the Bulkley sub-committee report in favor of open sessions for all committee and sub-committee meetings will have no effect until the bill receives the stamp of approval of the Democratic majority when the Republican and Progressive members of the committee are called in.

For Alaskan Railroad.

A bill authorizing the president to construct a railroad in Alaska and to mine coal in that territory was introduced in the senate today by Senator Poindexter of Washington. For these purposes the president would be authorized to borrow $50,000,000. The bill would provide that hereafter no coal lands shall be disposed of except under lease.

Will Grant Hearing.

Chairman Henry of the house committee on rules today told a delegation of women suffragists headed by Miss Helen Gardner, the authoress, that the committee would give them a hearing next December on the question on adding a committee on woman suffrage to the standing committees of the house.

The delegation included the wives of Senator Shafroth of Colorado and of Representatives Raker of California, Stone of Illinois and Taylor of Colorado.

Miss Gardner and Mrs. Stone who did the talking told Mr. Henry that one-fifth of the senate and one-seventh of the house membership now come from states where women vote and that one-sixth of the electoral votes are cast by suffrage states. They also said that in the 1916 presidential election nearly 4,000,000 women will vote.

Suffrage bills for 23 years have been referred in the house to the judiciary committee they said and this committee has proved a graveyard for all such measures.

Consideration in the senate today of the proposed constitutional amendment to enfranchise women was prevented by objection from Senator Thornton of Louisiana.

JOHNS IS EXONERATED

Wilkes Barre, Pa., July 10.—The coroner's jury late tonight exonerated Herbert Johns under arrest in connection with the death of Alice Crispell, the 18 years old girl, whose body was found last Monday on the surface of Harvey's lake. The jury found that the girl had been murdered but declared the guilty party is still at large.

John was present at the inquest and was identified by several of the witnesses who saw him with the girl on the night of July 4th. He was not allowed to testify by his counsel and was returned to the jail although he probably will be released tomorrow.

PRESIDENT ENJOYS LONG AUTO TRIP

LOSES WAY IN NEW HAMPSHIRE WOODS ON MOTOR RIDE

Declines To Discuss Probable Action In Connection With Threatened Strike of Railway Conductors and Trainmen on Eastern Lines.

CORNISH, N. H., July 10.—President Wilson got lost in the New Hampshire woods late to day, finally reaching here at eight o'clock an hour late for dinner, after the longest automobile ride of his visit here.

The president started shortly before four o'clock with Mrs. Wilson, Miss Eleanor Wilson, Miss Helen Woodrow Bones and Dr. Cary T. Grayson. They motored south along the Connecticut river for many miles toward Springfield, N. H., intending to make a wide circuit homeward but got tangled up in the route, then were overtaken by darkness. The president passed through a unmber of small towns where he was often recognized and greeted but made no stops except to inquire here and there as to the route home. Covered with mud, the big white house machine made the journey without mishap. When the president returned the correspondents submitted a few questions to him as to whether he would take any action in connection with the threatened strike of railway conductors and trainmen on eastern lines, but the president let it be known that he had nothing to say.

Frank Hall, a white house messenger to day brought the president a bundle of official papers from Secretary Tumulty, the nature of which, however, was not disclosed.

Take No Action.

New York, July 10.—No step was taken to day by the conductors and trainmen's representatives toward arbitrating their wage differences with 45 eastern railroads. The Union leaders assume the attitude that peace overtures should come from the railroad should they disclaim present interest in developments at Washington where next Monday the National Civic Federation proposes to urge modifications of the Erdman arbitration act, amendments to which are now before congress.

The principle change desired in the bill is the increasing of the arbitration board from three to six members or even nine. The most serious hitch in the current negotiations was the refusal of the railroads to entrust their cause to a three men tribunal as the present law provides.

Confers With Union Men.

Secretary Wilson of the department of labor today conferred with representatives of union, shipment and maintenance of way employes of western railways regarding the inclusion of these unions under the pending amendments to the Erdman arbitration act. The act now affects only employes actively engaged in the transportation of interstate commerce.

This matter will be brought to President Wilson's attention Monday when representatives of eastern railroads and their trainmen call at the white house for a conference with the president and Secretary Wilson. Secretary Wilson believes that ultimately the arbitration act will provide for mediation between all striking wage earners and their employers.

AVERAGE CROP CONDITIONS IN U. S. LOWER THAN LAST YEAR

Drought and Early Frost in Certain Parts of the Country Brings Average Down.

Washington, July 10.—Drought and early frost in certain parts of the country brought the average condition of crops in the United States on July 1st down to nearly one per cent lower than on the same date last year and to 1.7 lower than the average crop condition on July 1st, for some years past, ten years in most cases.

Conditions are below the average, the department of agriculture announced today in the Atlantic coast and north central states, except Virginia, Florida, Ohio, Wisconsin, Iowa and Nebraska. They are above average in the south central and far western states, except Kentucky, Alabama, Montana, Utah and California.

The lowest conditions are found in California, where July 1st, found the crops 15.7 per cent below average. North Dakota's crop are 14.7 per cent below, New Hampshire's 13.6 per cent and South Dakota 11.1.

Corn shows the most flourishing condition, standing at 103.5 or 3.5 per cent above its ten year average.

IOWA DRUGGISTS MEET.

Waterloo, Ia., July 10.—The state convention of the Iowa Pharmaceutical association closed in this city to day with a series of athletic events at Elk Run Park. The attendance at this convention was the largest in the history of the state association, exceeding the registrations at the New York convention by 47 members.

New York held the record attendance with a registration of 1,105. The registration here shows 1,152 members in attendance.

Of the 2,000 druggists in Iowa, 1,800 are members of the association.

Burlington was chosen for the 35th annual convention in 1914.

George Miller of Marion, Ia., was elected president.

DINNER IN HONOR OF DR. L. S. MULLER

SECRETARY OF STATE BRYAN IS AN UNEXPECTED GUEST

Brazil's Minister of Foreign Affairs Discusses Reciprocity and the Tariff At Banquet Tendered Him By Coffee Trade of America.

NEW YORK, July 10.—With Secretary of State William J. Bryan as an unexpected guest, a dinner in honor of Dr. Lauro S. Muller, Brazil's minister of foreign affairs, was given here tonight by the Coffee Trade of America. Dr. Muller arrived here this evening, completing a tour of the country, a visit paid the United States in return for the one of Elihu Root, when secretary of state to Brazil.

Dr. Muller discussing reciprocity and the tariff as affecting the trade with his country, declared the necessity exists for a line of steamships direct to Brazil with reasonable freight rates and regular traffic.

Mr. Bryan said that he made the trip hurriedly from Washington—arriving here at 8 o'clock and intending to return just after midnight—purposely to honor Dr. Muller.

"I want him to know that the government has staying powers in entertaining visitors," he explained.

Commenting on a visit he made to a coffee plantation in Brazil, Mr. Bryan said:

"It is fitting that you who represent the coffee roasters are here because I have been the worst roasted person in the country and like coffee as far as I am told I am better for the roasting."

A diner called out the suggestion that the secretary substitute coffee for grape juice as the "national drink."

"I believe in the double standard" rejoined Mr. Bryan smiling, "I use both."

SUCCESSFUL TREATMENT OF TUBERCULOSIS BY MEANS OF X-RAY

Dr. J. D. Gibson of Denver Announces That Treatment Cures 85 Per Cent of Patients.

Denver, Colo., July 10.—The National Institute of Homeopathy will hold its convention in 1914 at Atlantic City, in 1915 at Portland, Ore., and in 1916 at Dresden, Germany. Announcement of the selections made in executive session was made public today.

Successful treatment of tuberculosis by means of X-rays was announced by Dr. J. D. Gibson of Denver this afternoon in a paper read before the National Society of Physical Therapeutics, a branch of the American Institute of Homeopathy. Dr. Gibson declared that he had used his treatment in more than 400 cases in the last twelve years and had been successful with 85 per cent of the patients. He gave a detailed account of his method and a description of the results obtained.

AFRAID OF BEING BURIED ALIVE.

Berkeley, Cal., July 10.—Mrs. Adelaide Sherwood Soule, the late widow of Prof. Frank Soule of the University of California faculty, had a mortal terror of being buried alive and in her will which was filed for probate to day she stipulated that within twenty four hours from the time of her death her heart should be cut out and her body should be held for burial seven days.

Mrs. Soule was fond of animals and fearing her pets might receive rough treatment at the hands of others, she provided in her will that within twenty four hours from the time of her death all of them should be chloroformed and then held under water for twenty four hours.

Mrs. Soule died July 3rd. Mrs. Sarah Manchester, named as an administratrix of the will had the dead woman's heart removed and the body is being held. All the pets were killed.

ISSUE LAST CALL FOR BELL OPERATORS

St. Louis, Mo., July 10.—The last call for the striking telephone operators to return to work has been issued. Manager Hiss of the Bell Telephone company announced tonight that the names of all girls who failed to return to the switchboards tomorrow would be dropped.

Since the opening of the strike on June 17th, the company has made repeated overtures to the striking operators but always refusing to recognize their union. Hiss said this will be the last offer of reinstatement.

The striking waiters, cooks and bartenders to day asked the arrest of a policeman who had assaulted one of their number. A warrant was denied but police Chief Young said he would begin an investigation.

He promised to suspend the officer if undue violence were proven.

CONFIRM CONFESSION.

Burlington, Ia., July 10.—Messages from the authorities at Nebraska City, Neb., tended to confirm the confession alleged to have been made yesterday by Fuller S. Shellberger, in jail here, of the effect that he had killed two men in Nebraska.

The Nebraska authorities said the killing of two men near Nebraska City several years ago never had been explained. The men were M. R. Leonard, a stranger and J. Bahaud, a Frenchman of Julian, Neb.

CONFLICTS WITH RECIPROCITY ACT

Tariff Provision on Print Paper May Repeal Canadian Act of 1911

RATES IN CONTROVERSY

If Not Repealed There Will Be Two Rates in Controversy on One Grade of Paper

REPORTED TO SENATE TODAY

WASHINGTON, July 10.—That the provision of the Underwood-Simmons tariff bill levying a duty of 12 per cent ad valorem on print paper valued at more than 2 1-2 cents a pound and not more than 4 cents a pound, may repeal a portion of the Canadian reciprocity act of 1911, is contended in the analysis of the measure prepared under direction of Senator Smoot, Republican member of the finance committee. If it does not operate to repeal the law, it is contended that there will be two rates in controversy on this grade of paper. This bill would impose a countervailing tax in retaliating for import license fee or other charge imposed by a foreign country.

"An interesting point to consider," the Smoot analysis sets forth, is the "effect of the enactment of this paragraph on the portion of the Canadian reciprocity act which admits to entry free of duty paper imported from Canada, valued at not more than 4 cents per pound. With respect to printing paper valued at more than 2 1-2 and not more than 4 cents per pound, it is manifest that there is a complete repugnance between the two statutes for by the terms of one the act of 1911 it is free of duty and by the terms of the tariff bill it is subject to a duty of 12 per cent ad valorem. Nor can the two statutes be construed as to stand together. Under such circumstances the rule of law is that the statute of latter date must prevail over the earlier statute as being the latest expression of the legislative bill and that consequently the earlier statute stands repealed by implication."

Republican leaders will make a point of this on the floor of the senate.

Tomorrow the tariff bill will be reported to the senate but the majority report, favoring the measure will not be presented by Chairman Simmons until Monday. If Republican leaders do not press for more time in which to consider the measure, general debate will begin on Monday also.

This question will be decided at a meeting of the full membership of the finance committee tomorrow morning.

LUCKY BALDWIN'S DAUGHTER DIVORCED.

Oakland, Cal July 10.—Mrs. Anita Baldwin McClaughry, daughter of the late E. J. (Lucky) Baldwin and beneficiary under his will to the amount of $10,000,000 of his estate, was granted an interlocutory decree of divorce from Hull McClaughry to day on the ground of cruelty. McClaughry made no defense.

The plaintiff testified that she and her husband quarrelled so often over the cost of living as a result of his economical ideas that her health became impaired. They were married in Carson City, Nev., in 1900.

The custody of the two children is to be shared by the parents, according to the terms of an agreement reached out of court. It was stated informally by the attorneys that Mrs. McClaughry made a settlement of $300,000 upon her former husband.

SURVIVORS OF MEXICAN WAR IN ENCAMPMENT

London, O., July 10.—Survivors of the Mexican war to day opened their annual National Encampment here. Only 14 of the old soldiers were able to attend. A majority of the 14 are blind and deaf or so feeble that they had to totter about, using the eyes and ears of grand children and great grand children in place of their own. In some instances veterans of the civil war assisted the older soldiers in getting around. The encampment is being held under the auspices of the Ohio G. A. R.

SUMMER EVENING PICNICS ENJOYED BY MANY

Railway & Light Employes Dine At Nichols Park—Palestine Class From Grace and Various Family Groups Hold Outings.

"What is so rare as a day in July" was the clever paraphrase made by a picnicer at Nichols park Thursday evening as the tables were being prepared for a delicious old fashioned spread. That these July days have the hot ones of last June beaten for summer evening outings was the opinion of many evidently, for one hundred and twenty-five Jacksonville citizens on pleasure bent took the cars or their machines yesterday for the shores of the lake. The largest party composed of the employes of the Jacksonville Railway & Light Co., and their families left the square at 6:30 in special cars. The Palestine mens Bible class of Grace Sunday school with their families and friends had already taken their supply of well-filled dinner baskets to this picnicers resort and a number of smaller groups came to the park at various times throughout the early evening.

The Carmen's Picnic.

The sixty employes of the railway and light company took their supper in cafetaria fashion, each one taking his plate to the heavily laden tble and helping himself. After the last ice cream had been eaten an hour was spent in general conversation after which the party took the special car again and enjoyed a trip over the city.

Those present at the picnic were W. B. Miser, the general superintendent and family; Otto Kuchmann, the superintendent of the railway and family; M. H. Havenhill of the new business department; Mr. and Mrs. George Hocking, Mr. and Mrs. C. E. Pickup, Mr. and Mrs. J. W. Mann and Mrs. Mann's father, J. W. Walter, Mrs. Harry Stubblefield, Mrs. C. W. Ritz, Roy Williams, Mr. and Mrs. C. H. Birdsell and children, Mrs. Mary Dunavan, Mrs. Roy Dunavan, Jasper N. Dunavan, Mr. and Mrs. Otto Lindeman, Dr. R. R. Buckthorpe, Mr. and Mrs. C. L. DeLong, Miss Margaret Coffman, Miss Dorothy Dunavan, Mr. and Mrs. Edward Hazlewood, Mr. and Mrs. Al. Gerst, Alex. Murray, Mrs. V. Bergstrom with her son Arthur and daughter Helen, Miss Margaret Shannon, Mr. and Mrs. Nathan Gaddis, Mrs. Ella Murphy, Mr. and Mrs. T. R. Birdsell, Mr. and Mrs. Henry Purcell, Mr. and Mrs. R. N. Hart and family, C. S. Duffner and family, Mr. and Mrs. Robert Clayton, Mrs. Martha Murray, Miss E. Dunavan, Mr. and Mrs. Horace Walpole, Mr. and Mrs. F. D. Woodward, Miss Nina Wright, John Doyle, Jesse Peet and family and W. L. Bandy and family.

The Palestine Class Supper.

The table in a shady spot south of the lake at which dined the Palestine class of Grace M. E. church was loaded with the dainties that make the heart of the picnicer glad. Those present at this supper were the Rev. J. W. Miller and family, S. R. Capps, the teacher and Miss Louise Capps, Thomas Yates, Miss Urbach and the following members of the class with their families: W. E. Hall, Robert Palmer, S. P. Jones, F. H. Cogswell, C. E. Williamson, Homer Potter, S. T. Erixon, William McCullough, J. J. Reeve and G. W. Seymour.

Other Parties.

T. F. Smith and family and Miss Dorothy Kitner, who were among the smaller groups at the lake, had spent the entire day there. Another small party was composed of J. N. Kennedy and family with their guests, Mr. and Mrs. Edward Brennan of Pana, who were formerly of the Pacific hotel; Mrs. C. H. Sharpe and her mother, Mrs. William Carroll, and Mrs. Josie Arisman and family of Springfield. Dr. A. L. Adams and family were also among those dining by the shores of the lake. Another group was composed of George T. Douglas and family, C. L. Mathis and family, John Sybrant, Mrs. Thomas V. Finney and daughter Miss Marie, Miss Sybrant, Miss Mary Dewees and Mr. and Mrs. George W. Rhea.

EDITORS MEET AT NEW ALBANY

New Albany, Ind., July 10.—Members of the Indiana Democratic Editorial association, many of them accompanied by their wives and families, rounded up here today for their annual mid-summer meeting and outing. Several sessions for the discussion of newspapers and newspaper making are to be held, but the program provides that the most of the time shall be given over to entertainment and side trips to places of interest in this vicinity. Saturday the editors will go to French Lick Springs to remain over Sunday as the guests of Thomas Taggart, former chairman of the Democratic national committee.

MR. VAN HYNING DENIES STORY ABOUT REVOLVER CHARGE

Jacksonville Man Says That There is Nothing to the Report That He Carried a Revolver While at Work in Lincoln Institution.

A. A. Van Hyning of 787 East College avenue has returned to Jacksonville from Lincoln, where for the past two years he has been employed at the State Hospital for Feeble Minded. Mr. Van Hyning was removed from his position as an attendant after charges had been preferred against him for carrying concealed weapons. A dispatch under a Lincoln date line appearing in papers yesterday was as follows:

"A Van Hyning, night watchman at the Lincoln state school and colony, was discharged Wednesday by the state civil service commission on the charge of carrying concealed weapons. Van Hyning came to Lincoln two years ago from Jacksonville and secured a position here as attendant. For some time he has been watched by the management. Several weeks ago word was given the superintendent, Dr. Hardt, that Van Hyning was carrying a revolver. While on his rounds at watch at the custodial building Dr. Hardt instructed the outside watchman to secure the weapon, which was easily done when Van Hyning laid the gun upon his coat on top of a cabinet. When Van Hyning discovered the revolver missing Van Hyning did not suspect the cause, but thought one of the inmates had taken it."

With reference to the charges Mr. Van Hyning said last night that there was no truth in them and that he expected to be fully vindicated later on by the civil service commission. He said that the charges made was untrue and that he could have been cleared when the hearing was had if his attorney, Judge McCormick, had been able to be present.

Talking of the matter Mr. Van Hyning said: "If formal papers of discharge have been issued they have not reached me and thus far I am simply suspended pending further investigation. My record at the institution was excellent and I was never reprimanded in any way and no fault was found with my work. The fact that I had charge of wards in which there were 275 patients and had their good will and handled them without trouble furnishes good evidence that my work was satisfactory. The charge is ridiculous that I said I had no intention of shooting a nurse and merely wanted to mark her. I want to make this unequivocal statement that anyone who says that I bought, owned, or borrowed a revolver, or that I said I intended to shoot or mark anyone, tells a falsehood. I dare anyone to make such a statement over a signature. The revolver which was found was in an empty room and was not mine."

HAS MOVED OFFICE.

P. P. Thompson, attorney, has removed from Morrison block to Ayers National bank building, suite 705.

THE UTILITIES BOARD.

The State Register says that Fred J. Kern of Belleville, recently appointed by Governor Dunne chairman of the state board of administration at a salary of $6,000, is to be a member of the newly erected public utilities commission, the personnel of which will be announced by the governor about Christmas time. The railroad and warehouse commission, whose powers will be absorbed by the utilities commission, will go out of existence on January 1, 1914. There are five persons to be named on the new commission at a salary of $10,000 each per year. Numerous applications have been received by Governor Dunne from persons desiring membership on the commission, but from the best information obtainable at this time the following stand the best chance of appointment.

Fred J. Kern, Belleville.
Samuel Alschuler, Aurora.
George W. Fithian, Newton.
Charles E. Merriam, Chicago.
Richard Yates, Springfield.

The first three named are democrats.

WILL IMPROVE LEVEE DISTRICT

Commissioners of Hartwell District Plan Work to Cost $150,000.

At a meeting of the commissioners of the Hartwell drainage and levee district with their attorney and engineer held recently at Carrollton, plans were laid to improve the district, the estimated cost of the work being $150,000, providing the court grants them the permit.

The meeting was held in the office of F. A. Whiteside, attorney for the district, and among those present were: H. L. Caldwell of this this city, engineer for the district; C. J. Limpkin of Carlinville, Dr. E. M. Bloomfield and J. E. Cole of Peru, Ind., Charles Shutz and Charles Whiteman of Hillview. The district lies just south of Hillview and the commissioners contemplate putting in a drainage pumping plant, new levees and repairing the present levees. This work was started once before but there was an objector in the county court and when the matter was appealed the supreme court declared the drainage law unconstitutional. Since that time the law has been changed and it is thought that the work can be carried out now without any trouble

CHARGED WITH MURDER.

Union City, Tenn., July 10.—Mrs. James Yates, wife of a farmer and Florence Farris, her 15 years old daughter by a former marriage are in jail here charged with murder. The police say the woman has confessed to drowning her two step children, Ligon Yates, twelve years old and Ida May Yates, ten.

In the alleged confession Mrs. Yates said her husband and step children mistreated her and that she acted in a spirit of retaliation. The three children of Yates were lured to a pool but a six year old boy managed to escape and running a mile to a neighbor's home gave the alarm.

APPLICATION FOR PENSION INCREASE EXPOSES FRAUD

Montana Man Had Drawn Pension For Sixteen Years in Name of Soldier Who Died Thirty-one Years Ago.

Big Sandy, Mont., July 10.—After having enjoyed a government pension of $12 a month for sixteen years, John Truax of this town confessed today that he never was entitled to the money. After a preliminary examination today before United States Commissioner Bagan, he was bound over to the federal district court.

Truax might have gone on drawing the pension until death had he not lately made application for an increase and this necessitated an examination of the record. It was discovered that there was a discrepancy between the age of John Truax and the man who had served under that name in the union army during the war.

The investigation disclosed that the original John Truax died in Mt. Pleasant, Ia., thirty-one years ago. Fifteen years later John Truax, the present bearer of that name, applied for a pension from Missouri and it was granted.

GRANTED ABSOLUTE DIVORCE.

Springfield, Ill., July 10.—An echo of the back fire from the senate vice investigation in the state of Illinois was heard today in the Sangamon county circuit court when Mrs. Loty Peace Vredenburgh was granted an absolute decree for divorce from her husband, Thomas D. Vredenburgh II., on the grounds of infidelity.

Mrs. Vredenburgh was given the custody of the two children, Warren Ogden, aged 13 years, and Thomas Doremus, Jr., aged 11. For the support of herself and children she was awarded $4,000 annually.

Mr. Vredenburgh stepped into the limelight of publicity when an affidavit aimed at Lieutenant Governor Barratt O'Hara, chairman of the senate vice investigating committee, was placed before the senate.

PRIEST PROBABLY FATALLY WOUNDED.

Chicago, July 10.—Rev. Felix Lazewski, pastor of the Independent Polish church was probably fatally wounded here tonight in a struggle at the home of his landlady Mrs. Frances Bernat.

The woman's husband, John Bernat and her son Stanley Bernat, 18 years old, were arrested.

The priest, who is 25 years old, was shot through the abdomen. On account of the seriousness of his wound he was not questioned. Mrs. Bernat was wounded in the left hand. Father and son say that the pistol was drawn by the priest during an altercation. They said that the trouble began when the priest began admonishing young Bernat concerning his manner to his mother.

MOTHER TAKES POISON.

Chicago, July 10.—An hour after Mrs. Mary Schultz, a widow had identified a body taken from the lake today as that of her daughter Mabel, the body of the mother was found on the floor of her home. A bottle by her side, partly filled with poison indicated that Mrs. Schultz had gone from the morgue, purchased the poison and committed suicide. Her body was found by a policeman who went to the home to get further information of the daughter's death.

Miss Schultz had been missing frrom home since July 3rd.

GANGSTERS FINISH MOSES.

New York, July 10.—Four gangsters intercepted Morris Reich, known to the police as "Moses the Strong Arm" on a crowded east side corner late today and two knife thrusts and revolver bullet wounds in chest and back ended his career on the spot. A gang feud is believed to be the cause for the murder.

Another gangster, Peter McCabe, said to be a leader of the so-called Gopher gang was shot and killed on Staten Island by a special policeman, Thomas Bananza.

AVIATORS ARE DAY BEHIND SCHEDULE.

Macatawa Park, Mich., July 10.—Aviator Beckwith Havens, who reached here last night in the Chicago-Detroit hydro-aeroplane cruise, announced tonight he would leave for Manistee at sunrise tomorrow morning. A high wind which prevailed all day, made it impossible for him to resume the trip to day.

According to schedule the hydro-aeroplane should have been in Manistee tonight and Charlevoix on Friday night. Adverse weather conditions have put the aviators a day behind.

RESIDENTS LEAVING CHERRY.

Chicago, July 10.—An exodus of nearly one half of the population of Cherry, Ill., that survived the coal mine disaster three years ago, when more than 350 lives were lost was reported to the Cherry relief commission here to day. Since the disaster, $140,232.25 of the $300,000 fund contributed to the sufferers has been distributed to the survivors.

HOLD RAILROAD NEGLIGENT FOR STAMFORD WRECK

New York, New Haven & Hartford is Held Responsible For Placing an Inexperienced Engineer in Charge of Train.

Washington, July 10.—The interstate commerce commission's report of its investigation of the New York, New Haven & Hartford passenger train wreck at Stamford, Conn., on June 12 holds that the railroad was negligent in placing Engineer Dougherty in charge of the derailed train when he "was inexperienced and uninstructed." One of the conclusions embodied in the report reads:

"Establishment of safer and more efficient operation of this railroad is immediately necessary if congressional legislation extending the scope of governmental regulation of railroads is not to be called for and justified in the interests of public safety."

Officials of the department of justice said today that the report would be of assistance of the government in determining whether the corporation should be prosecuted criminally or civilly or both under the Sherman anti-trust law.

Government attorneys are operating under the instructions of Attorney General McReynolds to make a thorough inquiry in all the legal aspects of the case before making any possible move in the courts.

A Strong Argument.

Pianos on the installment principle was his theme. You pay $3 a week and torture the neighbors.

As he knocked gently at one door he suddenly remembered he had been here before and received a curt refusal. This time it was different, says the New York Mail.

"Oh, it's you again, is it?" asked the housewife cordially. "Come in, won't you?"

Full of hope he entered and followed her down a dimly lighted hall. She threw open a door and he walked in, to hear the key click sharply in the lock behind him.

He was locked in a room with five children, all bowling, who beat even their own records at the sight of a stranger.

And the woman resumed her washing.

An hour later she came to his rescue.

"Now," she said sweetly, "if you still think I need more music in this house I am ready to listen to you."

But he had gone before she had finished.

On What Happiness Depends.

A little thought will show you how vastly your own happiness depends on the way other people bear themselves toward you. The looks and tones at your breakfast table, the conduct of your fellow workers or employers, the faithful or unreliable men you deal with, what people say to you on the street, the way your cook and house maid do their work, the letters you get, the friends or foes you meet—these things make up very much of the pleasure or misery of your day. Turn the idea around and remember that just so much are you adding to the pleasure or misery of other people's days. And this is the half of the matter which you can control. Whether any particular day shall bring to you more of happiness or of suffering is largely beyond your power to determine. Whether each day of your life shall give happiness or suffering rests with yourself.—George S. Merriam.

The Beautiful Lyre Bird.

The largest and handsomest of all the song birds is the lyre bird. Its home is in Australia, where its song is heard morning and evening. It is heard oftener in winter than in summer. The chief beauty of the lyre bird is in the plumage of its tail, which is elegant and in the form of an ancient lyre. While singing the lyre bird spreads its tail over its head like a peacock and droops its wings to the ground. This bird is not only a fine songster, but can imitate the songs of all birds. One living near a wood sawyer's hut even imitated the sound of the filing of saws. The crowing of cocks, the cackling of hens, the barking of dogs and the mewing of cats are within its range. Its own song is also different from that of other birds, being a louder and fuller tone.

Causes of Cancer.

"Constant irritation," says a cancer hospital physician, "is one of the principal causes of cancer, and if a person has a wart or lump on his skin which is constantly scratched, it is likely to be converted into a cancer. If there is a tear which is not attended to and causes irritation, it may give rise to a cancerous growth. The sharp edge of a tooth or an injury to the internal organs may also give rise to cancerous tissues."

The doctor emphasized the remarkable vitality of cancer tissue and its power of growth. He said he had in his laboratory a mouse on which are growing cancer cells that were alive in another mouse thirteen years ago.—St. Louis Globe-Democrat.

The English Yeoman.

"Yeoman" is a good old English word, the meaning of which should be carefully cherished. Any country laborer or farmer is not a yeoman. A yeoman is a man who cultivates his own freehold, who farms his own land. He is no man's servant and may hold his head as high as the squire. There are still yeomen of ancient blood in England who would sniff at the offer of a title. One of the finest men I ever knew was a Dorset yeoman, and his ancestors had farmed the same land for three centuries.—London Globe.

STRIKE PROBABLE.

Chicago, July 10—A strike on the Aurora, Elgin & Chicago electric railroad is expected as a result of a demand made by the 800 employes for an increase in wages and a ten hour working day, it was announced today. A strike would cut off more than a dozen small cities west of Chicago and would inconvenience 25,000 passengers daily. A three year contract with the men expired May 15th. Since then, committees have been arbitrating the wage question ineffectively. Today the men demanded immediate action from the company.

NOTED INVENTOR DIES.

Hartford, Conn., July 10.—Burton E. He virtually was a victim of constant exposure to X-rays. He was born in New Britain, Conn., Aug. 19, 1870.

WILSON MAKES REPLY TO SPEAKER M'KINLEY

DRY LEADER IN HOUSE SAYS ACCUSATIONS MADE ARE FALSE.

Condemns McKinley For Making Answer At So Late a Day and Says Statements and Excuses Are Weak and Lame.

The following signed statement, in reply to the statement made recently by Speaker McKinley of the Illinois house of representatives, was made by Representative George H. Wilson of Quincy, "Dry" leader in the lower house:

My attention has been called to the attempted reply of Speaker McKinley to the charges of bad faith in regard to local option legislation, especially the residence district bill made by F. Scott McBride, superintendent of the State Anti-Saloon league and myself several weeks ago. It is late, very late, and so lame and impotent that it is hardly worthy of reply, but I will refer it as briefly as possible.

It is evident from McKinley's statement that I was doing everything in my power to have the senate amendment to the bill concurred in. He admits that Mr. McBride and I went to see him early Friday morning, the last day of the session, and urged an early roll call on the senate amendment, although he falsely says that I told him that unless I had a roll call on this bill before 11:30 a. m. I did not want it at all because some of my men were going home. It is true that I did want an early roll call on Friday because Representative Jayne, Warren county, had to leave on the noon train in order to meet an important business engagement at Monmouth. He had remained over another day at my urgent request but said that he could not remain longer than noon of Friday, the last day of the session. In view of McKinley's subsequent action I thought afterward that perhaps I was unwise in letting him know that we were in danger of losing this vote through the absence of Mr. Jayne, but at the time I told him I still hoped that he would treat us squarely in regard to the matter. In this connection should perhaps be mentioned another absurd and false statement of McKinley that I wanted him to help me sneak the amendment through when no wets were there. Anyone who is at all familiar with parliamentary procedure under the Illinois constitution knows that it is utterly impossible for either house to pass a bill or concur in an amendment to a bill adopted by the house without the affirmative vote of a constitutional majority of all the members elected to such house. There are 153 members of the house of representatives of which seventy-seven form a constitutional majority.

The Necessary Majority.

It is necessary to get in the house of representatives 77 votes to pass a bill or concur in a senate amendment such as the residence district bill in question. If the senate amendment to the residence district bill had gotten 76 affirmative votes and there had not been a vote against it still it would have failed. So the absurdity of the charge of attempting to sneak the amendment through while the wets were absent is apparent. The essential thing was to get the affirmative vote. For this reason I feared to lose the vote of Mr. Jayne and was anxious to have a roll call in the morning. However, throughout the day I was still insisting upon a vote, as the members of the house well know, since for a considerable time during the afternoon we still probably had enough votes to adopt the amendment and if the house had failed to concur in the amendment the senate could have receded from its amendment and passed the bill in the form in which it originally passed the house."

Dry Forces Did Not Delay.

The innuendo that the dry forces delayed the progress of the bill in the senate is also a gratuitous falsehood. Every one who is at all familiar with legislation knows that it is exceedingly unfortunate to bring up a bill during the closing hours of the session, and any person handling a bill would very much prefer to get it out of the way before the crush comes. Right here let me refer to McKinley's attempt to excuse himself for failing to bring up the residence district bill on the plea of other important bills that had to be considered. This was a simple amendment providing that nothing in the bill contained should be construed to prohibit the sale of intoxicating liquor in a residence district in quantities of a gallon or more. It was simple and clearly understood. While the amendment was not desired by the drys, still the bill would prohibit dram shops where liquor is sold in quantities less than a gallon, and we had decided to accept it in order to save the bill. A vote on concurring in this amendment would not have taken over half an hour. While McKinley strives to excuse himself on account of the other important legislation on the calendar he does not explain why he allowed a roll call on a score of other bills of little or only local importance, and also allowed a roll call on third reading twice on Friday of the sinister perpetual license bill.

This reminds me of McKinley's statement that I said that I was more anxious to kill wet bills than to pass dry bills. I never made any such statement to him in substance or effect. As a matter of fact, we easily beat the repeal of the township local option bill which received 22 votes short of a constitutional majority and I never had the slightest fear of any of the wet bills getting through until just at the end the terriffc fight that I explained in my former statement came on to pass the perpetual license bill, which would have been a veritable old man of the sea on the back of the people.

Further in regard to the delay in the senate. It is a matter of common knowledge that the utmost tactics of delay were indulged in by the wets in the senate and the senate amendment was proposed by one of the wet senators with the idea of beating the bill.

Hostility to County Option Bill.

The license committee of the senate had been so constituted that it had been utterly impossible to get the county option bill out of committee in the senate and it slumbered for weeks in a hostile sub-committee and when the residence district bill went over to the senate all of the tactics of delay known to parliamentary law were used by the wets. Heroic efforts were made to get the bill passed at an earlier date but it only got through third reading in the senate on the day before adjournment. It was immediately sent over to the house and we lost no time in having the amendment printed and the bill on the calendar for Friday.

The public will also remember that by agreement with the wets the wet and dry bills were to come up on third reading in the house on May 21. We were ready and anxious to proceed at that time but very much to our surprise a motion to defer the bills to June 4 was made and carried over our protest on the plea that the hand of the senate on dry legislation should be forced. This is further evidence that the drys were not to blame for the delay.

McKinley's Signed Agreement.

It is true that I was highly indignant at the action of the speaker and did threaten to make public his signed statement in regard to his attitude toward local option legislation. Relative to what it contained at the time is was signed before his election as speaker, I was not present at that time and can not state of my own knowledge, but I as informed F. Scott McBride, E. A. Scroggin and Homer J. Tice were present and I fancy they can take care of that proposition. However, McKinley merely claims that the statement was altered after he signed it by adding the words "residence district" which wold make him agree to vote for the residence district bill as well as the county option bill, but he does not deny that he signed the agreement containing nine paragraphs, including the seventh paragraph, in which he says: "I agree to recognize the chairman of the temperance committee at any time not inconsistent with the rules of the house," and that in the ninth paragraph he agreed to vote for the county option bill on all test votes on second and third reading and further convenanted as follows: "I promise that I will not use my influence as speaker or personally in any way to hinder the passage of the measures advocated by the Anti-Saloon League." In regard to his failure to vote for county option, he tries to crawl out of his promise, through the very small hole that the bill was not shown him in advance. His statement contains no such requirement, and this is the first time that I ever heard of it, but in my judgment McKinley is small enough to crawl through any hole It is unthinkable that the gentlemen who held McKinley's agreement would have altered it after it was signed Besides, the alleged alteration made so little change in the character of the agreement that there would have been no object in altering it. The important point was not whether he would personally vote for the residence district or county option bills. He failed to do that on June 4, more than two weeks before his act of treachery as speaker, and we said nothing about it and would have made no public complaint if it had not been for his subsequent action. If he voted for or against either bill it would only mean the change of a single vote. The important part of the statement lay in his agreement to recognize me as chairman of the temperance committee at any time not in conflict with the rules of the house and not use his influence as speaker or personally in any way to hinder the passage of measures advocated by the Anti-Saloon League. Of his failure in this regard he stands convicted on his own admission. Herein lies his great perfidy. It is conceded that the residence district bill was one of the most important measures of the Anti-Saloon League. It was vital for the life of the bill that I gain recognition in order that the senate amendment might be concurred in by the house, but the speaker and his substitute, McLaughlin, for whom he had abdicated the chair, steadily refused to recognize me, although repeated promises were made both during the morning and afternoon. He himself admits with paltry excuse that he failed to recognize me during the last day of the session, although he and everyone else in the house knew that it was consistent with the rules of the house for him to do so. He hindered the passage of the residence district bill in a most deadly manner and killed the bill. A number of wet men in the house censured the use of such tactics.

Called a Dunce For Aid.

He refers to the visit of perhaps twenty-five or thirty dry democrats republicans and progressives to Governor Dunne on the last afternoon of the session to ask him to request the speaker to recognize me for the purpose of calling up the bill. As I said in my previous statement we did visit the governor for that purpose and the governor agreed to request McKinley to grant a roll call on the amendment and I have no doubt that he did so, as Mr. Sullivan, his secretary told me that he had sent a messenger to Speaker McKinley for that purpose. The governor's action in this regard disposes of McKinley's claim that the entire time was needed for administrative measures. As to my attitude on the public utilities bill, I would say that it was not influenced in the slightest degree by lacal option legislation.

A large crowd attended the picnic in the Perbix grove, south of town, the Fourth. The picnic was given under the auspices of the Christian church. The street parade was excellent and reflected credit on the committee who had it in charge, Mrs. J. T. Burnham and W. S. Brownlow.

Mrs. C. D. Hougham and her friend, Miss Poucher, were shopping in Jacksonville Monday.

Miss Melba Anderson visited her father, Wesley Anderson, the Fourth adn attended the picnic.

John Onken and wife went to Peoria last Friday morning, returning Sunday evening. They made the trip in their auto.

The union services at the M. P. church Sunday evening were attended by a large audience. An excellent sermon was delivered by Rev. Mr. Hougham on "The Life and Character of Saul of Tarsus." The service will be held on the lawn at the Christian church next Sunday evening and Mr. Baylis will deliver the message.

Miss Lucile Fox and Miss Johanna Onken were visiting friends in Timewell last week.

Miss Lois Anderson is visiting friends in Champaign this week.

M. H. Lamb was in Jacksonville on business Monday.

A large crowd attended the funeral services of Miss Mary Dickens Sunday at the M. P. church. The sermon waas preached by Rev. Mr. Baylis.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at $1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradfield Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

CHICAGO BREAKS NEW YORK'S WINNING STREAK

NATIONAL CHAMPS DROP A CLOSE GAME 3 TO 2.

Charlie Smith, Veteran of Both Big Leagues Succeeds in Stopping Mathewson and His Club—Given Good Assistance.

New York, July 10.—Chicago broke New York's winning streak here to day, the champions dropping a close game by 3 to 2.

Prior to to day's game New York had won fourteen straight games while Mathewson was stopped after winning seven straight. Charlie Smith, a veteran of both big leagues was the pitcher who succeeded in checking both Mathewson and his club.

Smith was ably assisted by his teammates, the visitors pulling four double plays behind him, in each of which Manager Evers took part.

ZEIDER'S SACRIFICE BRINGS VICTORY TO HIGHLANDERS

Chance Wins His First Game in Chicago As Manager of the New York Americans.

Chicago, July 10. — Manager Frank Chance won his first game in Chicago today as head of the American league club of New York, which defeated Chicago by 2 to 1. The run which won the game for the visitors was scored on a sacrifice fly by Rollie Zeider the former utility infielder of the local club who figured in the trade for Hal Chase.

Spectacular fielding by Weaver and Chase aided in keeping down the score on several occasions. Score:

REDS KEEP UP HEAVY HITTING

Defeat Brooklyn, Forcing That Team Into Second Division.

Brooklyn, N. Y., July 10.—Brooklyn lost its eighth straight game today and dropped into the second division. The Cincinnati's kept up their heavy batting. First Baseman Hoblitzel of Cincinnati ran into the iron railing of the grandstand in the second inning and was knocked out temporarily. Wheat and Moran collided chasing Bescher's fly in the fifth and went to the earth. Wheat held the ball and threw to second, doubling up Brown.

PITCHING OF "RUBE" FOSTER PROVES TOO MUCH FOR BROWNS

Boston's Young Right Hander Did Not Allow a Hit Until the Ninth —Stahl Denies Rumors.

St. Louis, July 10.—The pitching of "Rube" Foster was too much for the home team and Boston again won from St. Louis 6 to 2. The young righthander did not give a hit up to the ninth inning in which the locals tallied their runs.

Up to the final inning but one man reached second base.

Manager Stahl denied rumors coming from Boston that he and President McAleer of the club were at outs because of the slump of the champions and as the result of which one or the other would get out. Score:

SOME OFF-SIDE CHUTES

Jacksonville Izaak Waltons returning from the mountain camps and placid lake and river resorts are more tha nenthusiastic in piscatorial lore—they are exuberant in a recital of their wonderful onslaughts upon the denizens of the wooded streams and hillside rills. The tribes of the fins are not at all particular—with our experts—they will accept the hook when the trawl and net are not at hand—New Foundland's Grand Banks were n'er as prolific in the blue as Matanzas is in bass and croppie. This happy Friday morn many Jacksonville breakfast tables are groaning beneath the weight of a first installment of bass received yesterday from near Havana. "Pop" Sharpe returned a few days since and report has him credited with a catch of upward of 250 pounds. Thursday bushels of fish were received from Commissioner Engel and party, who "freighted" to Matanzas the first part of the week.

Frank Donahue is lying at the point of death in his home at Philadelphia. "Red" a few years ago was a star box performer with the St. Louis and Philadelphia nationals. When the Brotherhood blow-off came he went to Cleveland and then to Detroit, pitching the latter team into two American league championship. He retired about two years ago when he was still a top-notcher to devote all of his time to his hotel business in the Quaker City. Lovers of clean baseball throughout the country are praying for "Red's" speedy recovery to his former good helath.

The sorry showing of Bud Anderson in his Fourth of July go against Leach Cross was a stunner to the followers of the fighting game throughout the country. Such a reversal of form in a contest that was strictly on the level had not been witnessed since the banishment of London prize ring rules and the adoption of Queensbury. The youngster's admirers were satisfied that all was not well with their idol, while the carpers rested securely in the opinion that he was at best but a flash in the pan. At Santa Monica, Cal., hospital a surgeon's knife has revealed why this promising young boxer was able to land but five drives into the anatomy of his second rate adversary. Wednesday evening a successful operation for appendicitis was performed upon Anderson. Some class to those ringside surgeons who pass the O. K. to boxers in the condition Anderson was before and during the Vernon fiasco. The Luther McCarty lesson seems to have entirely evaporated.

Babe Borton avows he is through with baseball. He has refused to join Jersey City and left New York for that "dear old St. Joe, Mo." He cannot be censured for his decision to quit the game, for of what use can he be on a ball team when he was declared to be incompetent to gambol with the Yanks?

Charles Comiskey is to take personal charge of the world's tour of his White Sox and the Giants next fall. That sounds good to all lovers of clean sport, and is a guaranty to the kings, queens, the dukes and all of the rest of the what-nots across the big pond that they are going to get more than an even run for their money.

The Boston Red Sox and the White Sox are locked horns for the services of Catcher Thomas Daley of Lowell, Mass. Comiskey had purchased his release for $3,500, but the Champions claim a prior lien. The National commission will arbitrate—for Comiskey. He always gets what he goes after.

"Buck" Rourke, owner of the Omaha team, wanted to start something in Denver when he imagined his team was not getting an even break with the umpire. He accosted the arbiter at the end of the game, which was forfeited to the Mountaineers, and for his impertinance was knocked down by Sigler. "Buck" is a big husky, while "Sig." is one of those striplings with a punch in either hand.

ASSESSMENT OF 1913

The following is a copy of the Rules of the Board of Review of Morgan County, Illinois:

Rule 1—The regular meeting of the Board of Review shall convene on the third Monday of June and shall adjourn from day to day as may be necessary. The hour of meeting shall be 10 o'clock a. m.

Rule 2—Anyone desiring to complain of an unjust assessment shall file with the Board of Review, on or before the first day in August, his complaint in writing on a form to be obtained from the county clerk, which complaint must be attested by the affidavit of complainant.

Rule 3—A separate complaint must be filed for each lot, tract or parcel of land.

Rule 4—Complaints as to real estate assessments shall contain:

First—Name of person to whom property is assessed.

Second—Description of real estate, which must be given as nearly as possible as described on assessor's books.

Third—Postoffice address of complainant.

Fourth—Full and assessed value of the property as fixed by the assessor.

Fifth—The fair cash value of the property estimated at the price it would bring in due course of trade.

Sixth—The reason why change is asked:

A. Assessed too high.
B. Assessed too low.
C. Assessed higher than property of like value.
D. Assessed lower than property of like value.
E. Exempt from taxation.
F. Error in assessment.

Seventh—Statement of facts with comparative or actual value, etc.

Rule 5—Complaints as to personal property shall contain:

First—Name of person to whom property is assessed.

Second—Location of property.

Third—Postoffice address of complainant.

Fourth—List and cash value of all personal property of complainant in detail.

Fifth—Full and assessed value of the property as fixed by the assessor.

Sixth—Reason why change is asked set forth fully and in detail.

Rule 6—All persons appearing before the Board, either as complainants or witnesses, must be sworn before giving testimony.

Rule 7—All complaints, when filed, shall be numbered consecutively, and when presented to the Board, if a hearing on the complaint cannot be had at once, a time shall be set for the hearing and notice shall be mailed to each complainant of the time set for the hearing upon his complaint, which notice shall be mailed at least five days before the time set for the hearing.

Rule 8—Complaints may be made as to the assessment for the whole county, or for any township, as to either real or personal property, or as to both, which complaint must state such facts as will enable the Board to determine whether or not the assessment has been made on the proper basis.

The following is a copy of the assessment books of the city of Jacksonville, Township 14, Range 10, Township 14 Range 11, Township 15 Range 8, Township 15 Range 9, Township 15 range 10, Township 15 Range 11, Township 16 Range 8, Township 16 Range 9, Township 16, Range 10, showing the assessed valuation of personal property therein, also change in assessed valuation of real estate.

The amount set opposite each name is one-third of the full fair cash value, which is the assessed value for the year 1913.

CITY OF JACKSONVILLE.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

These Summer Days
In warm weather the average person does not eat as much meat as in the cooler months. There is all the more reason why the steak or roast that comes on your table should be of the best possible quality.
Buy the "Coverly Kind" of meat and you will agree with us that there is a "difference."

STOCK PRICES RAISE IN FIRST HOUR OF TRADING

IMPROVEMENT MADE BOTH AT HOME AND ABROAD.

Reaction Follows Smart Advance But Part of Day's Gains Were Retained in Most Cases—Canadian Pacific Bounds Up.

(By Associated Press)

New York, July 10.—Both at home and abroad there was an improvement today in conditions effecting stock market values. The betterment was sufficiently pronounced to find reflection in price movements, although the low point to which trading has fallen and the absence of outside interest in the market precluded an extended and vigorous advance. During the first hour of the day there was a brisk demand and prices rose smartly. Canadian Pacific, yesterday's weak feature, bounded up 2% and Union Pacific nearly as much. Other prominent mediums of speculation rose a point or more. The demand soon fell off, however, and prices reacted. The market came to a standstill after a downward swing and during the remainder of the session changes were small. The list dipped downward again shortly before the close but part of the day's advance was retained in most cases.

FREE CHERRY PIES FOR ALL.
Manzanola, Colo., July 10.—The first "cherry pie" festival on record was given here today. The town was filed with visitors and every visitor was given his fill of cherry pie without charge. The festival was given ostensibly in celebration of the opening of the new Santa Fe depot. But its real object was to call attention to the fact that Manzanola expects to become the center of the greatest cherry growing district in the United States.

BULLISH CROP FIGURES ADVANCE WHEAT PRICES

AROUSED FOREIGN DEMAND FACTOR IN RISE.

Sections East of Chicago Reported to Have Sold More Soft Red Wheat Than Ever Before in a Corresponding Time.

(By Associated Press)

Chicago, July 10.—Wheat prices advanced today on account of bullish crop figures and because of aroused foreign demand. The close although easy was ⅛@¼c to ⅝@¾c above last night. Corn finished ⅜ to ½c up, oats off ⅝ to ⅞c and provisions varying from 7½c decline to a raise of 10c. Highest quotations of the day in wheat came after discovery that export business was being counted in millions of bushels and included newly harvested No. 2 red, which has heretofore been neglected. Sections east of Chicago were reported to have sold today for ocean shipment more soft red wheat than ever before in a corresponding time.
Apparently the foreign buying was largely due to the low estimate in the spring crop states, but there also were discouraging advices concerning the harvest outlook in Europe, especially France.
Only one important setback in wheat took place. The dip occurred soon after the opening and resulted from country dealers sending in liberal acceptances on bids for the new crop. Commission firms, however, were selling rather freely as the day drew to a close.
Corn rallied sharply with wheat and as a result of arrivals being small. At first, the market was at the mercy of the bears, many longs unloading, spurred on by the government report.
Oats broke with corn but failed to recover all the loss. Bearing an erratic upturn in July pork, weakness ruled provisions. The main reason lay in cheaper prices for hogs.

NEWS IN BRIEF.

Released on Bond—Mrs. Agnes Schwartz, indicted on a charge of murder in connection with the death of her husband, Gabriel Schwartz, of Springfield, was released on bond in the sum of $5,000 with William L. Ensel as surety.

Crushed to Death—Alfred Adams, aged 44 years, residing in Springfield, was instantly killed in Waukegan, Ill., while crossing the railroad tracks of the Chicago-Northwestern railroad.

Minister Ends His Life—Relatives in Mt. Sterling have received news of the suicide of Rev. W. H. Flagg, which occurred at Middlefork, Ind., July 5th. Rev. Mr. Flagg was pastor of the M. E. church of that city. Last January he was united in marriage to Miss Jennie Davis of Mt. Sterling. He had five children by a former marriage. After calling his children to his bedside he drank a quantity of laudanum and died before a physician could reach him.

Suit Grows Out of Automobile Crash—John W. McAnarney, formerly a resident of Morrisonville, was sued Tuesday in the Madison county circuit court along with three others for damages in the sum of $10,000. The administrator of the estate of Miss Amelia Rotsch, a school teacher who lost her life when McAnarney's machine collided with another automobile, is the complainant. Miss Rotsch was in the other machine and its owner, E. M. Clark, is a defendant in the suit. One other person was killed in the collision.

Asks $2,000,000 for Trees—A bill has been sent to J. A. Dietz by R. H. Levis of Alton, first vice president of the Illinois Glass company, for the cutting of a lot of willows off some land on the Alton river front, without the consent of Levis, who claims to have title to the land. Dietz admits having cut the willows and sold them, but claims he did not believe they were valuable to any one. It was estimated the trees cut being saplings, were worth $3 each and the bill was made out on that basis.

Wedding Party Arrested—Just as Clerk Pennington and his bride started on their honeymoon trip, after being wedded at Pekin, they, with their best man and bridesmaid, were gathered in by a detective employed by the Peoria Terminal railway, and loaded into a patrol wagon, hauled to the jail and all four placed behind the bars. The charge of disorderly conduct was preferred against them.

Court Halts New Schools—The supreme court of Illinois has handed down a decision which declares invalid the act of 1911, under which 45 township high schools in this state have recently been built. Work is at a standstill on two buildings near Herrin and Marion approximating over $100,000. It is estimated that $2,500,000 in school buildings are tied up by this decision. A petition is being signed to present to the court, asking for a review of the decision. The case will come up in October.

Boy Killed Under Ice Wagon—Johnnie McKee, aged 9 years, fell under the wheel of a ice wagon and was killed at Carrier Mills.

The Midnight Club—Twenty-two Republican appointees to state positions after midnight, July 1, 1911, comprising what has been called the "Midnight Club," have been cited to appear before the state civil service commission at a hearing in Chicago, July 17, to show cause why they should not be regarded as temporary rather than permanent employes of the state. The employes involved are of the state grain inspection and food commission departments. The hearing it is believed forebodes a widespread shake-up of state jobs.

HARMON WINS PITCHER'S DUEL

Boston Downs Cardinals 3 to 1—St. Louis' Errors Aid Opponents.

Boston, July 10.—Boston won its fourth straight game from St. Louis today 3 to 1. The contest was a pitchers' battle between Perdue and Harmon with the former having the better of it, although the locals profited greatly by St. Louis' fielding errors.

A one hand catch of a low liner by Leftfielder Connelly of Boston in the first inning was a fielding feature.

PROBABLY THEIR LAST REUNION

London, O., July 10.—What will in all probability be the last reunion they will ever hold was begun here today by a handful of veterans of the Mexican war. The old soldiers, who look upon the veterans at the recent Gettysburg reunion as merely youngsters, plan to spend several days here in renewing acquaintance and swapping yarns of the stirring days when they followed Winfield Scott and "Zach" Taylor in the campaign below the Rio Grande. The leading spirit of the reunion is Captain J. D. Fisher, of Chillicothe, O., who is president of the National Association of Mexican War Veterans. Captain Fisher is 87 years old and almost blind.

JACKSONVILLE SCHOOL CHARTER GRANTED FORTY SIX YEARS AGO

Most School Systems Now Under General Law—Annual Financial Statement and Colored School Were Charter Provisions.

The discussion of affairs related to public schools of Jacksonville has brought to attention a number of matters relating to the charter under which the Jacksonville schools operate. This special charter was granted by an act of the legislature in 1867 and was slightly amended in 1869. The principal change in 1869 was the provision that board members should be elected by wards and not appointed by the council as the original charter provided. Jacksonville today is one of a very few cities in the state whose schools operate under a special charter instead of the general law. There originally were a good many charters scattered throughout the state but the tendency of latter years has been to get away from the charters and operate under the general law.

The General Law.

Under the general law in cities the size of Jacksonville the schools would be managed by a board of nine members and a president, chosen at large without regard to their particular place of residence. The term of office of the president would be one year and members three years, three being chosen each year. The principal argument advanced in favor of the larger board is that men are selected on account of their qualifications without regard to their place of residence and that by the fact that they are elected at large they feel a greater responsibility to the school interests of the entire city rather than confining their efforts to advancing school affairs simply in one ward. However, some of the arguments made in favor of commission form of government seem to be at variance with the arguments advanced for a board of education elected under the general law. As a result the question has arisen, if it is better for the business of the city to be managed by five men than twelve why is it not desirable to increase the number managing school affairs from five to ten.

Changes in Tax Money.

But going back to the charter under which the schools are now operated one finds a good many paragraphs out of the ordinary in interest. At the time the charter was issued it was delegated to the board to determine the amount of money needed and to be raised for school purposes provided that the board should not require to be raised more than one per cent on the assessed value of the real and personal property of the city; unless a majority of the voters authorized them to do so at a special election. While this was a charter provision, subsequently by a general enactment the equalized value of property rather than assessed value became the basis for raising school funds. With the passage of years various changes have been made in this provision of the school law until at the present time the board of education has the authority to levy two per cent for general educational purposes and 1 1-2 per cent for building and repair. This is now based on the equalized value which is one-third of the assessed value.

It evidently was the idea of those who drafted the charter that the board of education would have money to loan a great deal of the time for seven or eight sections in the charter are devoted to provisions for safeguarding the city's interests in the case of loan and to make it obligatory upon the board to utilize funds to the best advantage. Under the heading of "Funds not needed to be loaned" the charter says: "The board shall cause all funds not needed for immediate use to be loaned at the rate of 10 per cent per annum payable semi-annually in advance. No loan should be made for a longer period than five years and if exceeding $100 shall be secured by unincumbered real estate of at least double the value of the loan without estimating perishable improvements. For any sum of $100 and under good and satisfactory personal security may be taken."

By the provisions of the general law the rate of interest was changed from 10 per cent to not less than five per cent but the other provisions stand.

Provisions For Lending Funds.

It is provided also by the charter that all notes and securities shall be payable to the board of education for school purposes and that the borrower should pay for all expenses of examining titles, preparing and recording papers.

Another provision of interest is that giving indebtedness to schools priority in the settlements of estates. The charter says on this point: "In settling the estate of a deceased person debts for school purposes shall be preferred to all others, except those attending the last illness of the deceased and the funeral expenses including the physician's bill.

In the matter of interest it is provided that in case of default of interest, or principal, that the rate of 12 per cent should be charged on the amount due from the time of the default and may be recovered by suit. Other rigid provisions were made as to judgments and securities.

Annual Financial Statement.

Another section of the charter and one in which the public has particular concern, in that it has grown to be practically a dead letter, refers to an annual statement and says: "Said board of education shall publish annually the statement of the number of pupils instructed the preceding year, the several branches of education pursued, the receipts and expenditures of each school, specifying the sources of such receipts, and the object of such expenditure.

Another provision which has been entirely lost sight of is contained in section 24 which refers to colored schools. This section says: "There shall be maintained at least one school for colored children to be under the control of the board." Years ago one colored school was maintained in Jacksonville but it was discontinued as it seemed to be the opinion of both colored and white citizens that it was better to have no separation of the races in school matters and this same idea was embodied in the general school law. However, a man prominent in educational circles of the city and county said recently that he believed there was a growing wish among the colored residents of Jacksonville for a separate school. He said that a number of prominent colored citizens had talked to him about the matter and expressed the belief that if a separate colored school were maintained taught by members of their race that a number of colored boys and girls who complete the high school would take more advanced work in order to fit themselves for positions as instructors in a local school designed for their own people.

INJURED MAN WAS TAKEN TO STATE HOSPITAL.

John Martin of Exeter In Bad Physical Condition.

John Martin of Exeter, who accidentally shot himself in the foot with a shot gun last Monday and was brought to Our Savior's hospital, was taken to the Jacksonville State hospital Thursday. Mr. Martin has not been a well man for some time and last Monday he considered himself strong enough to carry a gun and go squirrel hunting. He secured the gun and went to the timber, but in walking along he became weak and in some manner dropped the gun, which was discharged, the entire contents of the barrel tearing away the bottom of the foot. Rev. Mr. Beird's son of Oxville was a spectator to the accident. The injured man was taken to the office of Dr. Clayton Stewart and later brought to Jacksonville in Fritz Haskell's automobile, where his injuries were dressed by Dr. J. W. Hairgrove. Mr. Martin's mental condition became such that after an examination it was deemed best to remove him to the State hospital for further treatment.

WARD CHILDREN ENROLLING FOR MR. RUYTER'S PLAY PROGRAM

Find Various Games and Folk Dances Very Interesting—Play Festival in August—Tennis Tournament Planned For Young People.

Mr. Ruyter, director of the Jacksonville play grounds has recenty inaugurated a play program which will take in all ward schools. He will spend two mornings each week in the second, third and fourth wards with children directing them in the playing of games and incidentally training them in folk songs and dances in preparation for an all city play festival to be given some time late in August. Wednesday Mr. Ruyter was at the fourth ward grounds and yesterday morning at the second ward and in each instance a good start was made along the line of work projected.

Some of the children were not very enthusiastic about going to the school grounds but each one went away delighted with the play and mighty anxious for the next day scheduled for play to come. The children who came on the first days are the best kind of advertisers and when they return may be counted on to bring a number of friends with them to enjoy the fun. Any child in the third grade and above is welcome to join in these yard games and parents will find it well worth while to send the children. After the first experience it will be hard to keep the children away.

The schedule for the wards is as follows, the hours each morning being 9 to 11:30 o'clock.

Second ward—Monday and Thursday.

Third ward—Tuesday and Friday.

Fourth ward—Wednesday and Saturday.

Plans Tennis Tournament.

Mr. Ruyter is planning for a tennis tournament for players under sixteen years of age to be given some time in August. He has laid out a court in the first ward play grounds and the tournament will be played there. Boys and girls who care to enter must hand their names to Mr. Ruyter and must practice at stated times on the play grounds court under his direction. Of course they can practice all they wish on other courts but to meet conditions they must play as indicated in accordance with a fixed schedule at the play grounds. Mr. Ruyter will offer a handsome prize to give interest to the contests.

SOCIAL EVENTS.

One of the most delightful of the social affairs given in honor of Miss Martha Capps who is soon to become the bride of Dr. W. L. Frank was the party given Thursday afternoon at the home of Mrs. J. C. Clayton and Mrs. W. A. Jenkinson, 1249 West State street. Miss Capps and Mrs. Capps received with Mrs. Clayton, Mrs. Jenkinson, Misses Annie and Maude Clayton. The guests had the freedom of the spacious parlors and the broad porch and the hours from three until six o'clock were delightful. Vickery and Merrigan catered the service being exceptionally nice. Garden flowers were used in the decorations and the favors were boxes of candies made up in the form of pink caps, suggestive of the bride's name.

The U. C. T. Boosters met Thursday afternoon at the home of Mrs. L. R. Craig, 402 North Fayette street, Mrs. Craig and Mrs. G. T. McKee being the hostesses. There was a good attendance and part of the program consisted of a piano solo by Harold Craig, two piano solors by Miss Louise Robinson and while the guests were partaking in delicious refreshments, Mrs. Wesley James gave several piano numbers. The meeting next month will be held with Mrs. C. T. Mackness who will be assisted by Mrs. Thompson.

Mr. and Mrs. Frank Walton entertained a company of forty neighbors and friends Thursday evening at their home east of the city, in honor of the eighteenth birthday of their daughter Miss Marie McPherons. The evening was spent in a happy manner with various amusing games and during the hours delightful refreshments were served. Miss McPherson received a number of pretty and useful presents. Many good wishes were extended Miss McPherson by the merrymakers.

DANIELS SPEAKS AT ERIE CELEBRATION.

Erie, Pa., July 10.—A gavel fashioned of wood and iron taken from the Lawrence and Niagara flagships of Commander Oliver Hazards Berry's little fleet at the battle of Put-in-bay was presented to Secretary of the Navy Josephus Daniels this afternon. The secretary addressed a great crowd assembled for the observance of the fifth day of the Erie celebration of the Perry victory centennial.

Mr. Daniels spoke of the importance of initiative and the value of the example set by Lawrence, Perry and John Paul Jones, telling the achievement in creating his fleet and winning his victory.

Later the secretary reviewed a navy parade and thereafter placed a wreath on the grave of Captain Charles V. P. Gridley, who commanded the Olympia at the battle of Manila Bay, and who died soon afterward.

Tomorrow the sixth day of the Erie celebration will be fraternal day with a parade of civic societies.

TEN THOUSAND ELKS IN PARADE.

Rochester, N. Y., July 10.—Ten thousand Elks, it is estimated, participated in a parade to day in connection with the 49th re-union of the Grand Lodge.

The parade and a water carnival that attracted about 150,000 persons to Genesee Valley park tonight were features of the fourth day of the convention. Business sessions were held in the morning, afternoon and tonight. While a few delegates were going over the business of the afternoon the uniform patrols of many lodges were competing for prizes in a drill at the park.

MORTUARY

Simpson

Rev. Stephen Price Simpson, died last week in New York City, at the age of 75 years. He had been engaged in the Episcopal ministry for over 50 years, serving 18 years at Plainfield, Mo., 8 years in Bloomington and 10 years in Springfield. He was a graduate of the New York Union Theological Seminary.

Dugger.

Benjamin H. Dugger, of Franklin died Wednesday night at 12 o'clock at Our Savior's hospital. Last Friday Mr. Dugger scratched his thumb with a rusty nail, but did not think much of the accident until his hand and arm began to pain him. He was brought to this city for treatment, but nothing could be done to save his life. He was born in a southern county April 17, 1849 and was married to Evaline Bruce, Oct. 8, 1871. The family has resided at Nortonville, Murrayville and their residence in Franklin has only been a year.

Besides his wife he is survived by three children, Mrs. Edward Tribble of Jacksonville, Agnes at home and Walter of Franklin. He also leaves four sisters, Mrs. Lucy Miller and Mrs. Reeves of Scottville, Mrs. Millie Chandoin of this city and Mrs. Minerva Johnson who resides in Missouri.

The remains were taken to the home of the daughter, Mrs. Tribble and this morning will be removed to Murrayville where funeral services will be held at 10:30 o'clock from the Methodist church in charge of Rev. J. A. Biddle. Interment will be made in the Bethel cemetery.

ATTACKED BY VICIOUS DOG.

Suffering From Two Serious Wounds in the Arms Inflicted By Pet Wednesday Evening.

As Mrs. C. T. Holbrook of South Hardin avenue was crossing her back yard at 6 o'clock Wednesday evening she was attacked by a large female dog and bitten in the right arm above the elbow. The dog sprung at her a second time and bit off a portion of the flesh of the forearm two-thirds of the way around the limb. The teeth of the dog penetrated to the bone in both instances. Mr. Holbrook killed the dog yesterday morning after consulting with vetenarians as to the probability of rabies which, it was thought, were very unlikely to appear. It is not known what caused the dog to become so suddenly vicious as it had shown itself worthy at all times before of the freedom of the yard. The action may have been caused by the queer fit the dog had taken a few days ago, devouring a litter of its own young.
